North Nashville last evening was attended by a large and enthusiastic crowd. Dr. Winston gave them one of his soul-stirring speeches, in which he arrayed facts that will tell well in this canvass Dr. MENEES being present was loudly called for, and rose and said that he and his competitor had closed their speaking, and that before separating they had agreed not to make any more speeches, except they should be present at rallies of their respective friends, when they would merely allude to their positions, and urge their frien is to duty. Therefore, he declined discussing any of the topics, but simply stated his position upon the foreign question, and thanked his friends for their compliment, and retired amid deafening shouts from the crowd. We make this statement, believing that Dr. MENRES will be misrepresented by his opponents, who are ready and willing to seize upon any and every pretext to gain votes for Gen. QUARLES by endeavoring to create prejudice against Dr. MENRES. While on this subject we will just add that we regard Gen. QUARLES as badly beaten in this canvaes.

HOMICIDE IN MCNAISY COUNTY .- We copy, by State. request, the following notice of a homicide committed in McNairy county, from the Purdy Banner of the 30th ult. Our community was thrown into considerable ex-

eitement by the murder of Frank Morrison by Jas. It occurred four miles north-west of this place, and the circumstances attending it were substantially these: Morrison and Simons were returning home from

school, and Simons drew upon his slate a very ugly picture or carricature of Morrison, and exhibited the same to him, when he requested Simons, with some warmth, to quit drawing such pictures or representations of him upon his slate; the conversation finally merged into a quarrel and a fight ensued, in which Simons stabbed Morrison to the heart, and he died in about three misutes. Simons fled immediately, and up to this time has not been arrested. Morrison was an smisble youth and much respected. A reward of \$150 has been offered for Simons, and doubtless an additional one will be offered by Gov. Harris. It is said that an old grudge existed between the parties, and we are pained to announce that it has been settled in a manner so bloody.

Simons is barely six feet high, swartby or sallow complexion, weighs about 160 pounds, and is about eighteen or mincteen years of age; he has an impedment in his speech that is increased by a burried or excited conversation-frequently repeating the same words.

#### Letter from the President. Prirsneno, July 30 -The following letter from

President Buchanan, was received this morning by the Hon Wilson McCandless: BEDFORD SPRINGS, July 25 -MY DEAR SIR: I have received your kind note of the 19th inst., with

a leader from the Post While I appreciate as it deserves the ability and friendship displayed in the editorial, I yet regret that it has been published. My determination not, under any circumstance, to become a candidate for re-election is fixed and conclusive. My best judgment and atrong inclination unite in favor of this course. To cast doubts upon my predetermined purpose is calculated to impair my influence in carrying out important measures, and affords a pretext for saying that these have been dictated by a desire to be renominated. With the kiedest regards, &c., I remain sincerely and respectfully your friend,

James Buchanan.

Railroad Accident.

Bosron, July 30 .- The express train from New Bedford and Fall River, this morning ran into a private carriage which was crossing the track, near North Bridgewater, and a lady and child who were in the carriage were instantly killed and the other eccupants, a gentleman and lady, receiving fatal injuries. The names of the parties have not been ascertained.

Tape-Worm in Children .--R. A. Fishmerlook & Co.: Gentlement -Our son, five years of age, has been afflicted with a tape worm for three years past during that time we have tried many remedies, and had the attendence of skillful physicians. The boy has passed from one inch to seventeen feet per day while under the influence of the medicine that he has been taking, but never discharged the head. Your agent, being in our neighborhood, was sent to the house by some of our neighbors, as the case was one of the wonders of

our village. We gave the boy two bottles of B. A. FARRESTOCK's Vermifuge, which brought away twenty feet of the worm, with the head. New and Unrivalled HAIR RESTORATIVE. The most Efficacious Remedy for the

Head now in Use. This preparation has gained considerable reputation in this lo cality, having been used with the most successful and gratifying esults by quite a goodly number of the citizens of Nashvilleand vicinity, who will unhesitatingly sustain us in the excellent qualities we claim for this new remedial agent. Those who have an aversion to turning gray, need no longer dread the great locon venience and trouble of supplying that deficiency with a wig. The Restorative of which we speak will most certainly restore the hair to its primitive color and vivacity. In addition to obviating the use of the wig, Demoviile's Hair Restorative also does away with the recessity for champeoning, for a few applications of it strips the head entrely of all dandruff, dirt, &c. The propoletor could easily fill a column with cards from our best known citizens; cer tifying to the great restorative and cleansing properties of the prenaration, but does not does such a course on his part at all neces mary. These who give it opetrial need no further proof to satisfy them that it is what it is representated to be. Sold only at the Drug Store of Demoville & Co., corner of Church and Cherry streets, Nashville, Tenn. Price \$1.

> THE CHEENTAL TALISMAN. Natural Weather Indicator

A SURE AND RELIABLE INDICATOR OF THE STATE OF THE WEATHER,

Indicating Unvariably from 24 to 48 hours in advance. OUIS ULLMAN, the Discoverer of this curious and beautiful a exotic, which is a unitive of the Arabian Desert, near Pamacus, in Asia, was the first as apply it to the purpose of a Westher Indicator, having discovered its wonderful qualities by a minute eminimation in the malive hand of the plant.
Though a weptable production, the Natural Westher Indicator, is indestructible, and will continue to perform its functions for all time, in any climate and at all easeens, though submurged in all the strongest solds known to chemists, including Nitric, Nitro-Murialle, Sulphuric, for, to boiling water and boiling all, and ice water, it remains intuct, and continues its performance unimpaired, losing none of its sensitiveness or capacity, and will not decay like other organic or artificial substances used for similar yurposes. r purposes.
The "Natural Weather Indicator" can be procured for the

is easily impaired.

The NATUREL WEATHER INDUCATOR was never known to the world before introduced by the subscriber, and he now for the first time offers it to the public for rule. Its monderful properties have extendibled the scholars and scientific norm of Europe and America. It is so simple and manageable that no stillently will be found in testing its waine. The discoverer is not under the mossiny of saying anything in its merits on his own responsibility, as he is permitted to offer certificates from genification who have tested it, of such a character as to put all doubt at rest.

By permission I refer to the following named genification, some of whom have tested the indicator for a number of years, and others for access months, all of whoth have no hesitation to recommending it to the favorable notice and use of the public in general:
